This puzzle has two challenges:

A. Challenge #1--Find and circle all the words listed below in the puzzle above. Words can go in any direction. Words can share letters as they cross over each other. Place a check to the right of the word as you find it.

B. Challenge #2--In the blank to the left of each term from the Megillah, write the number of the Chapter in which it *first* appears as we read the Megillah together!
